

Consideration for preliminary adoption of amendments to 312 IAC 2-4-12 governing fishing tournaments and 312 IAC 8 governing activities on DNR properties; Administrative Cause No. 11-052A

The changes in 312 IAC 2-4-12 remove Huntington from the list of reservoirs in which a license is required for a fishing tournament because the property is now a fish and wildlife area.

The DNR is proposing the following changes 312 IAC 8-2-3 governing hunting, fishing, and trapping on DNR properties:

- (1) Clarify that a person cannot construct or place a tree blind or other hunting blind except as authorized under 312 IAC 9-3-3 (deer hunting) and 312 IAC 9-4-2 (waterfowl hunting).
- (2) Correct the reference to the scientific purposes license and the administrative rule for taking reptiles and amphibians on a DNR property.
- (3) Prohibit an individual from possessing lead shot while hunting mourning doves on a DNR property. Research has shown that the ingestion of lead by doves can result in their death, or if they survive, it can negatively affect their reproductive potential. At least 15 other states, including Illinois, require non-toxic shot for dove hunting on public land. State Fish and Wildlife Areas have not allowed the use of lead shot on dove fields for several years by posted signs at the properties. In 2008, the Division of Fish and Wildlife distributed educational materials to dove hunters at Fish and Wildlife Areas explaining the concerns about the use of lead shot and intent to allow only non-toxic shot in the future. Starting in 2009, Fish and Wildlife Areas began prohibiting the use of lead shot for hunting doves on their properties through posted signs. State reservoirs also began an educational campaign and have been prohibiting the use of lead shot for dove hunting on their properties since 2010. All manufacturers of shotgun shells now have non-toxic shot available for use for hunting doves and most other species. It is readily available for use in most shotguns.

The DNR is also proposing to remove the specific references to airborne human transportation devices (hang gliders, hot air balloons, aircraft, tow kite flying, etc.) and motor-driven airborne devices (model airplanes) in 312 IAC 8-2-8. This does not change the requirement that a person would have to have a license from the DNR to use one of these devices on a DNR property, unless it is a site designated for that purpose (such as a model airplane field) and would include any airborne human transportation device, not just the few listed now. Because tow-kite flying would be included in the provisions in 312 IAC 8-2-8 as an airborne human transportation device, the language in 312 IAC 8-2-9 that specifies when a person can engage in tow-kite flying on a DNR property is no longer needed. Existing boating laws overlap that have an influence on this activity and provide appropriate remedies to situations and concerns that could arise from these activities as follows:

- (1) Night Time Speed Limit: IC 14-15-3-8 (Speed between sunset and sunrise) restricts boat operation speeds to a maximum of 10 mph between sunset and sunrise. Tow Kite and similar activities cannot take place at these low speeds and are therefore not possible during the restricted hours.
- (2) Operation of boat: 14-15-3-3 requires boat operation to be done safely and consider the rights, safety, and property of others.
- (3) Endangerment of interference prohibited: 14-15-3-6 requires boat operation cannot endanger other persons or property, interfere with lawful use of public waters by others, or interfere with sanctioned events.

Applicability to chapter provisions: 14-15-3-20 acknowledges that objects and persons being towed by a motorboat also fall under the provisions of the boating laws.

(c) A boat used to administer a tournament is excluded in determining the number of participating boats.

(d) The director may authorize a license for a fishing tournament under this section where the participants are not provided with the name of the lake at least ten (10) days before the tournament. A license issued under this subsection does not authorize a fishing tournament that

conflicts with another license issued under this section. Subject to IC 5-14-3, the department will not publish the location of a fishing tournament issued under this subsection.

(e) Notwithstanding subsection (b), a fishing tournament on Monroe Lake, from October 15 through the end of February, is restricted to a maximum of one hundred (100) participating boats.

(f) At least thirty (30) days before the scheduled event, a license holder must file a certificate of insurance or an insurance binder with the department. The certificate of insurance or insurance binder shall name the license holder and the department as insureds and shall demonstrate the license holder has obtained an irrevocable general liability insurance policy with a limitation for each of the following of not less than:

(1) One hundred thousand dollars (\$100,000) for all damages to property for a single occurrence.

(2) One hundred thousand dollars (\$100,000) for injury or death of one (1) person in a single occurrence.

(1) Failure to:

(A) pay the user fee within the prescribed time frame;

(B) cancel the event within thirty (30) days from the date the application was submitted; or

(C) comply with section 9.5 of this rule.

(2) Restoration of the mooring judge's or spectators' area.

(3) Reimburse to the department for cost of supervision, maintenance, and labor.

(4) To collect any other unpaid fees or costs that are due, including expenses incurred in the collection of the unpaid fees.

(h) Within fourteen (14) days after a tournament, the license holder must provide to the department a user fee equal to the greater of:

(1) eighty percent (80%) of the number of boats listed on the license; or

(2) the number of boats participating in the tournament.

If the user fee under this subsection is greater than the amount of the bond, the organization is also responsible for the difference.

(i) The amount of the fee shall be established by the director within a range of fees for this purpose approved by the commission. The director may waive the user fee if the:

(1) tournament is held for charity where all of the profits are given to that charity; and

(2) waiver request is:

(A) made in writing; and

(B) submitted with the application.

(j) The director may require insurance in addition to what is set forth in subsection (f) if the director determines a fishing tournament poses an unusual risk of liability to the department.

(k) A license holder shall:

- (1) indemnify;
- (2) defend;
- (3) exculpate; and
- (4) hold harmless;

the department and its officials, employees, and agents from liability due to loss, damage, injury, or other casualty to the person or property of anyone arising directly or indirectly from the activity.

(l) The department may deny a license application or may revoke a license issued under this section if any fee or cost provided under this section is delinquent. Upon the satisfaction of any delinquencies, an individual may apply for a new license. *(Natural Resources Commission; 312 IAC 2-4-12; filed Aug 3, 2001, 10:54 a.m.: 24 IR 3932, eff Jan 1, 2002; readopted filed Oct 2, 2002, 9:10 a.m.: 26 IR 546; filed May 27, 2003, 12:35 p.m.: 26 IR 3320, eff Oct 1, 2003; filed Jan 5, 2005, 11:00 a.m.: 28 IR 1460; filed Jun 29, 2007, 2:32 p.m.: 20070725-IR-312060333FRA; readopted filed Jul 21, 2008, 12:16 p.m.: 20080813-IR-312080052RFA; filed Nov 1, 2010, 11:30 a.m.: 20101201-IR-312090986FRA, eff Jan 1, 2011)*
